

```
main()  
{  
    int value = 1;  
  
    while(value<=3)  
    {  
        printf("Value is %d\n", value);  
        value++;  
    }  
  
    return 0;  
}
```
